Dear Brookwood Families,

I hope you enjoyed Thanksgiving and the long weekend. With the holidays right around the corner, we find ourselves very busy. Thank you for making the time to conference with your child's teacher. The message that you are reinforcing, by meeting with teachers, is essential for your child's healthy outlook on school, and the importance of education.

After reviewing student data, we have identified academic areas that will be targeted by all teachers, in all grade levels. Our school goals are: **to improve students' mathematic abilities, based on State standards, and to increase both math fact fluency and reading fluency.**

At home, please encourage and provide daily opportunities for your children to practice math facts and to read like they are speaking, with expression, intonations, pauses and fluency. Working together, we can increase these essential skills for success in school and in life.

During the next few weeks we are looking forward to many activities: Winter Band and Chorus Concert, Holiday Shop, our Monthly School-Wide Assemblies, Men of Harmony visit and of course the Holiday Break.

Thank you for your continued support. We wish you a very Happy Holiday Season and a Happy New Year!

"Live, Laugh and Love Often".

Sincerely,
Mrs. Cubberly
